

Vaso-Meditech Pvt Ltd participates in WCCPGC 2009 and is awarded for its contribution for Health care Industry by Finance Minister of Delhi, Hon'ble Dr A.K.Walia

Press Release 4th Oct 2009 Chennai: Vaso-Meditech Pvt Ltd is an exclusive distributor and clinical support for EECP and SphygmoCor device in India.

Vaso-Meditech Pvt Ltd participated in the World Clinical Congress on Preventive & Geriatric Cardiology 2009 held in the Akshardham premises from 2nd October till 4th October 2009.

The congress was inaugurated by the Lieutenant General of Delhi, Mr. Tajinder khanna and was chaired by eminent cardiologists and cardio-surgeons of India.

Director of the Company, Dr S. Ramasamy, was awarded a token of appreciation and a certificate for his contribution to Health Industry by the finance minister of Delhi, Dr A.K. Walia. He informed that Vaso-Meditech Pvt Ltd main focus is on providing superior clinical support to cardiology community in Heart failure clinic utilizing the EECP therapy and managing Hypertension based on Central Blood pressure measurement non-Invasively.

Vaso-Meditech held a clinical symposium within the conference on clinical significance of Arterial stiffness and Central Blood Pressure & EECP in Heart Failure. The first Lecture was delivered by Dr. James Sharman, a leading researcher and expert in arterial stiffness from Menzies Research Institute, University of Tasmania, Hobart, Australia. The session was chaired by Dr Pratiksha from Institute of Preventive Cardiology, Mumbai. She is one of the pioneers in using central blood pressure and arterial stiffness as a measure in health screening in Mumbai.

Dr Sharman discussed the utility of SphygmoCor in assessing central blood pressures and arterial ageing in clinical practice non-invasively. He also pointed out that recent studies have shown that chances for having an Heart attack or stroke will double if the central pulse pressure is more than 50Mm Hg.

The second Lecture was given by Dr Sanjay Mittal, Director Medanta Medicity Hospital, Gurgaon on Enhanced External Counter Pulsation (or EECP). The presentation was on usage of EECP on heart failure patients and was aptly titled "EECP in Heart Failure: New Frontier". The session was chaired by the eminent cardiologist from Mumbai, Dr Ashok Punjabi. He is a leading consultant in breach candy hospital and Lelavati hospital. He is also the director of Krishna Cardiac Care in Mumbai. Dr Mittal commented EECP therapy can be a great use in Heart failure patients who have poor quality of life.
