## **Dr.S.Ramasamy CEO and Managing Director Vaso-Meditech Met with Honorable President of India at Rashtrapati Bhavan to Present EECP Treatment Program**

**Press Release Chennai Oct 13<sup>th</sup> 2014. (Vaso-Meditech Pvt Ltd, exclusive distributor and clinical support for EECP in India)**

Vaso-Meditech CEO and Managing Director, Dr.S.Ramasamy was invited as a Cardiac-EECP Expert by the **Honorable President of India Shri Pranab Mukherjee**. Dr.S.Ramasamy met the president at **Rashtrapati Bhavan** and explained him about the Enhanced External Counter Pulsation treatment a non-Invasive option for patient with Cardio Vascular Disease, which is currently the No 1 Non-Communicable killer disease in India.

EECP is a Non-Invasive safe treatment option recommended by USA FDA, American college of cardiology and European society of cardiology to improve the blood flow to the heart muscle beyond the obstructed coronary arteries. The treatment is provided by EECP treatment system [equipment] by compressing the lower legs with pre determined air pressure in synchronization with person's ECG with micro second precision to enhance the Heart function and quality of life of the patients.

The treatment is provided for one hour a day for 35 days. The compression in the lower leg will increase the blood flow to all the organs in the body. This accelerated blood flow across the vascular system of the body will simulate an internal environment of an aggressive exercise thereby helping the treatment subject to achieve lasting benefit by forming new vessel around the blocked artery in a period of 6 weeks without any physical effort, hospitalization or pain.

**Dr.S.Ramasamy EECF Expert and Consultant (First from Right) along with other Cardiologist with Honourable President of India Shri Pranab Mukherjee**

भारत के राष्ट्रपति का चिकित्सक  
*Physician to the President of India*

Appreciation Letter

I appreciate you and your team's sincere effort to provide Enhanced External Counter Pulsation (EECP) treatment in Rashtrapati Bhavan at a very short notice. I am happy that the treatment provided to the First Lady has brought her the desired clinical benefit. It's a great pleasure for all of us to see that she is able to get back to her improved quality of life with the help of EECP treatment. Your team deserves a hearty congratulation for being the provider of the EECP system and the treatment. We look forward that this non-invasive safe treatment under proper Physicians care should reach thousands of patients in India whose lives can forever change who cannot be candidates of stenting and by pass surgery.

Wish you all the best

Thanking you,

Yours sincerely,

Dr. M Wali  
Physician to the President of India

Dr S. Ramasamy  
International medical Director  
EECP Therapist Association (USA)  
Vaso-Meditech Pvt. Ltd  
Chennai
