

Indian EECp patient Registry (IEPR) and Frontier Lifeline Hospital presented its Abstract in Heart Failure society of America Toronto, Canada.

Press Release Chennai Sep 24th 2008: (Vaso-Meditech Pvt Ltd Exclusive distributor and clinical support for EECp in India)

Chennai Sep 24th 2008. Vaso-Meditech Pvt Ltd a company pioneers in providing technical and clinical support for EECp therapy in India with assistance from Clinical experts in India and in USA presented the EECp effectiveness in severe Left Ventricular dysfunction patients Abstract in 12th Annual Scientific Meeting of the Heart failure Society of America (HFSA) Toronto, Ontario, Canada.

The Abstract titled "A Modified Course of Enhanced External Counter pulsation Improved Myocardial Perfusion and Function in Severe Ischemic Cardiomyopathy Patients" was authored by Dr.Pradeep G Nayar former Interventional Cardiologist Frontier Lifeline Hospital and chief consultant cardiologist in Chettinad Health city. He said we are using EECp treatment in our heart failure and refractory angina clinic and our study clearly shows that EECp in a modified course of 10 one-hour daily course significantly improve myocardial perfusion and gated LVEF in patients with severe left ventricular dysfunction.

EECP(R) therapy is an evidence-based therapy; the benefits, safety and effectiveness of EECp(R) therapy have been well documented in over one hundred scientific and clinical journal articles published in peer-reviewed medical journals. These presentations further reinforce improved clinical outcomes in the treatment of patients suffering from angina pectoris and heart failure," commented Dr. S.Ramasamy Director of Vaso-Meditech Pvt Ltd.
